CANBOROUGH WASTE MANAGEMENT FACILITY

Want to recycle something that isn't picked up curbside?

The Diversion Centre at the Canborough Waste Management Facility has been designed so that you can recycle more than what you are allowed at the curb each week.

Here's a tip - try sorting your waste while loading your vehicle. This will make it easier to unload into the separate bins at the Diversion Centre.

WINTER WEATHER DELAYS

Waste collection may be affected when weather packs a punch! Snow and ice make otherwise 'flat' roads and lanes difficult to navigate safely, while hills can be nearly impossible to service without the risk of property damage. Wind can also be treacherous, creating roadblocks or hazards involving overhead lines.

For garbage or recycling service alerts, please visit www.haldimandcounty.on.ca, call 905-318-5932 or listen for alerts from your local radio station.

If your material was missed due to weather, bring the material back inside and set it out the following week.
